3. Grading Bye law

Rationale - To avoid players coming on for short periods in a championship game, because of injuries to key players or otherwise, and finding themselves without football for the rest of the year. With the separation of first and non-first teams, no first team will ever be disadvantaged by such a bye law and games development is advanced.

“A County Committee may, in its Bye-Law, allow for a Player to be re-graded by more than one level during a Championship Year, provided that:

(1) He has not played in a higher Championship Grade in that Championship Year. However, a County, through its Bye Laws, may make provision for a player to be regraded during that Championship year subject to any guidelines issued by Central Council”
